

**NSA/CSS EVALUATED PRODUCTS LIST**  
**for**  
**HARD DRIVE DESTRUCTION DEVICES**

The Evaluated Products List (EPL) shows magnetic hard drive destruction devices that meet the performance requirements of NSA/CSS Specification Hard Drive Destruction Devices. Inclusion of a product in the EPL is not an endorsement by NSA/CSS or the U.S. Government.

Hard drive destruction devices on their own **DO NOT SANITIZE** magnetic and/or solid-state storage devices; use of these machines is only authorized in conjunction with degaussing for routine magnetic hard disk drive sanitization or by themselves only in extreme emergency situations. Sanitization guidance for classified storage devices is located in the NSA/CSS Storage Device Sanitization Manual 9-12.

The EPL provides the sponsor, device name, model number, and contact data for the sponsor for each destruction device. The destruction cycle must meet a thirty-second time limit to deform the platter preventing normal hard disk drive operation. The throughput rating of evaluated destruction device is measured by the amount of one-inch hard drives deformed per hour.

The list shows all hard drive destruction devices evaluated since January 2012; models that are discontinued and/or no longer manufactured but still approved are also included. Updates to the EPL will be on an as-needed basis. Users are encouraged to contact the manufacturer representatives for assistance in selecting unit(s) best suited to their requirements. If a user has questions about a specific model not listed on the EPL, they can contact the Center for Storage Device Sanitization Research (CSDSR) at 301-688-1053 and/or send an e-mail to [CSDSR@nsa.gov](mailto:CSDSR@nsa.gov) or you can contact your respective Client Advocate Service listed below.

The procedures for administration and distribution of the EPL are subject to change without notice. Inquiries from U.S. Government users should contact designated customer support channels through the NSA/CSS Information Assurance Directorate (IAD) Client Advocate Services. For IAD Client Advocate support to Civil and DoD Agencies, please call 1-410-854-4790 and for Military Services, Intelligence, and Combatant Commands please call 1-410-854-4200. If you prefer to send an e-mail, you can contact us at [NIASC@nsa.gov](mailto:NIASC@nsa.gov). For all other inquiries, please contact the NSA/CSS Public Affairs Office via phone at 301-688-6524 or send an e-mail to [nsapao@nsa.gov](mailto:nsapao@nsa.gov).

<b>Hard Drive Bending Devices</b>					
<b>Sponsor</b>	<b>Device Name</b>	<b>Power Source</b>	<b>Throughput (Drives/Hour)</b>	<b>Weight</b>	<b>Authorized Size</b>
Data Security, Inc.	DB-4000	110 Volts/2 Amps, Electrically Driven	175	95 Lbs.	Laptop, 1-Inch, & 1.65-Inch
	DB-6000	Manual Crank Photo Luminescent Tactical Glow Kit	Manually: 167	69 Lbs.	Laptop, 1-Inch, & 1.65-Inch
	DB-6000	Drill Assisted Crank Photo Luminescent Tactical Glow Kit	Drill Assist: 256	69 Lbs.	Laptop, 1-Inch, & 1.65-Inch
	DF-4	120 Volts/12 Amps, Electrically Driven	2360	1000 Lbs.	Laptop and 1-Inch
Garner Products, Inc.	PD-4 Rev. H	120 Volts/10 Amps	96	82 Lbs.	Laptop and 1-Inch
	PD-5	120 Volts/8 Amps	106	80 Lbs.	Laptop, 1-Inch, & 1.65-Inch
Phiston Technologies, Inc.	MediaVice Compact MV02	120 Volts/15 Amps Hydraulically Driven	90	132 Lbs.	Laptop and 1-Inch
Whitaker Brothers Business Machines Inc.	Datastroyer MVHD-1	120 Volts/15 Amps Hydraulically Driven	90	132 Lbs.	Laptop and 1-Inch

<b>Hard Drive Punch Devices</b>
